

BLIKA DRAWER CABINETS SPECIAL

With Blika's special drawer cabinets, designing your own intelligent storage system is easy. Special drawer cabinets are exceptionally heavy-duty and robust, with high load capacities. You yourself decide the height of the cabinet, the number of drawers, their layout and load capacity, etc.

Find the right cabinet and choose the right drawers

There are 5 cabinet sizes to choose from, with different widths, depths and heights. You can choose any number of drawers between 4 and 20, in many different heights. You can also choose between drawers with different load capacities, and there are many possibilities for adapting drawer layout to individual requirements.

Special catalogue
